Subject: Re:

Hi Marion - I'm sorry that I haven't gotten back to you on Afidopyropen. Between retreat planning and other things, I've been a bit swamped. I will get that back to you tomorrow.

Best,
Catherine
Associate Director
OPP Registration Division
US Environmental Protection Agency

Marietta,

I imagine that we'll have to transition quickly to the OPP All-Hands meeting at 3:30 pm, so I'll only want to focus on three items of reasonably high priority for my general at 3:00 pm. Those specific items up for discussion are: aldicarb renegotiations and refined surface water analysis; Mosquitomate statistical concerns with HED; and, an update request on afidopyropen FR. I'll also attach my agenda from my last general, in the event there are other items that either of us would like to discuss, pending the time remaining.

Best regards,

Marion J.
